More than 200 athletes representing 17 different countries will compete in men's and women's ski and snowboard **Superpipe Presented by Toyota, Slopestyle, Streetstyle and Adaptive Snowboard Banked Slalom Presented by Toyota** events. [The competition schedule can be found here.](#)

The men and women competing for the U.S. at Dew Tour will be vying for points to earn a spot on the U.S. Olympic Team for the Beijing 2022 Olympic Winter Games, February 4-20, 2022. Dew Tour was an Olympic qualifier for freeskiing and snowboarding in 2014 and 2018. Most recently in May, it served as the only U.S.-based global Olympic qualifying event for Skateboarding as it made its debut in Tokyo earlier this summer.

Winter Dew Tour is a free event and open to the public. Spectators will have a front row seat to the action out of Copper's Center Village where the event will take place. The Dew Tour festival experience, located at the base of Center Village, will include a sponsor village, food and beverage, pro athlete photo-ops, poster signings and the Streetstyle course. Slopestyle will be held in Copper's Central Park, an elite-level mountain park facility, and the Superpipe events will conveniently sit just above the base of Center Village.
